COAL SITUATION IN GRIMSBY

GrimsbY, Ont., Nov. 24, 1917
To the Editor of the "Independent,"
GrimsbY, Ont.

Dear Sir:
As Secretary of the "Organization of Resources," Grimsby District, I would beg a little space of you to show the efforts made (unfortunately without results) to obtain coal. At the present time the people are sadly in need of fuel and at an emergency meeting called by the Reeve, Mr. Chas. T. Farrell, on Friday evening last, to deal with the question the following resolution was passed:

Moved by Councillor Marsh, seconded by Councillor Bourne and carried unanimously:—"That this Council think that as every effort has been put forth by the Reeve and Clerk to induce the Fuel Controller of Ontario to help out the coal situation in Grimsby but up to the present nothing has been done but a lot of correspondence and it is now the wish of this Council that the Reeve and Clerk get in immediate communication with the proper authorities at Ottawa and urge them to assist all in the power to relieve the most serious shortage of fuel in Grimsby."

The following is a copy of the correspondence which has taken place. On the 16th, of October I wrote the Fuel Controller of Ontario regarding situation and received the following reply.

Toronto, Ont., Oct. 18, 1917

Subject: Fuel situation in Grimsby.

C. H. Bromley,

GrimsbY, Ont.

Dear Sir:

I beg to acknowledge yours of the 16th, inst., addressed to the Secretary of Fuel Controllers Department with reference to the fuel situation in your town. At present Mr. Magrath, Fuel Controller for Canada is going into the question of equitable distribution, and there is a hope that at an early date satisfactory arrangement will be made to this end. In the meantime I am having my Chief Assistant endeavour to do something for you and shall write you further in the course of a day or two.

Yours truly,

(Signed) R. C. Harris,

Honorary Fuel Controller for Ontario.

This was followed by a letter dated October 22nd, 1917.

Office of Fuel Controller for Canada.

Toronto, Ont., Oct. 22, 1917

Mr. C. H. Bromley,

GrimsbY, Ont.

Dear Sir:

In further reply to yours of the 16th, inst., we have examined the reports for your town as submitted by Mr. J. H. Gibson and Messrs. J. W. Eaton & Son, and find that the requirements for the year up to and ending March 31, 1918, are 4774 tons net.

Up to and including October 15, 1917 tons have been delivered, leaving a balance of 2798 tons. Upon "phoning" Mr. Gibson, he advised us that he had orders placed with "The Lehigh Valley Coal & Navigation Co." for one car of nut and one car of stove coal, respectively per week since July 1st, last and that of these but five cars had been received to date. He further stated that their office are entirely out of coal.

I am today taking the matter up with our United States representative Mr. McCue, and requesting him to secure an order from Fuel Commissioner Garfield at Washington directed to the Lehigh Valley Coal and Navigation Co., to the effect that they immediately ship part of the orders referred to. I trust this will secure early relief and if there be anything else I can do to assist you in relieving the situation I shall be very glad.

Please keep me advised of the situation.

Yours truly,

(Signed) R. C. Harris,

Hon. Fuel Controller for Ontario.

In reply to this the following was sent.

Mr. Harris,

Toronto, Ont.

Subject: Fuel Situation in Grimsby.

Dear Sir:

Thanks for your letter of 15th. inst. We would be glad if your Chief Assistant could take this matter up immediately, our situation is serious, only enough coal at schools for about six days. Water Works for about twelve days. Municipal Offices and Works for about twelve days. Library for about six days. Store practically none. Private houses practically none, others overloaded.

Yours faithfully,

(Signed) C. H. Bromley,

O. R. C.

This brought forth the reply as below.

Facts and Fancies

By Frank Fairborn

One thing that pleased me very much was the fact that the premier, Sir Robert L. Borden, named T. J. Stewart as the Union Government candidate in West Hamilton.

If ever any man was the victim of mean, underhand, treacherous work T. J. Stewart was that man.

Long before the election date was announced the editor of the Spectator went to Ottawa to knife Mr. Stewart and from that day till a week ago the editor kept up a constant string of telegrams pestering Premier Borden to cut T. J. Stewart's head off.

Of course the editor of the Spectator was only a tool in the hands of the men higher up who were determined to kill Stewart politically if possible. It is a lamentable thing when the editor of a great newspaper lends himself to such miserable tactics.

The Spectator had nothing against T. J. Stewart politically as T. J. is a good Conservative and the Spectator is supposedly a good Conservative, but unfortunately T. J. Stewart was a Hydro man while the Spectator is a Cataract organ, consequently it was not a game of politics that the Spectator was playing, it was a game of knock the people's electric power system.

Thank goodness Premier Borden was strong enough to withstand the tricks and traps of Stewart's enemies because the Spectator was not the only enemy that T. J. had to contend with. The win-the-war league officers lent themselves to the dirty schemes to unhorse Stewart and they in turn entrapped some of the clergy into helping along.

The whole thing, however, was knocked in the head when the premier named T. J. Stewart as the Government candidate and now the busy-body preachers and the double-dealing win-the-war officers and the Cataract-ridden Spectator, are trying to crawl into the hole and pull the hole in after them.

A disturbance in Kitchener, Ont., on Saturday night last, was caused by four or five hundred young men who are opposed to being conscripted and taken to the front to fight for their country, when they went into a meeting of about eight thousand people who had gathered to listen to Premier Borden and other speakers, and broke up the meeting, not allowing one speaker, not even their mayor, to speak.

This silly and disloyal action on the part of the young men of Kitchener will do harm to nobody but themselves. Of course, it will please the Kaiser a little when the word reaches him, but the news will also put a little extra steam into the Canadian boys at the front so that what Canada will lose morally she will gain in the extra punch which the Canadian boys will put into their bayonets at the front.

The disturbance caused by the young men, who stamped themselves as disloyal and unwilling to bear their fair share in defending their country, will do a great injury to the town of Kitchener and a great injury to the industries of Kitchener, because people all over the Dominion will decline to support a city that refuses to allow free speech within its borders and especially a city that can boast of five hundred pro-German young men who would see their fellow Canadian countrymen left at the front without reinforcements, sooner than take up arms and go themselves and reinforce them.

From the very outbreak of the war the clear-thinking business men of Berlin, Ont., now called Kitchener, did their very best to impress the outside portions of the Dominion that the Berlin people were loyal and were not pro-German and were not enemies to the country in which they lived. Now the work of these men has practically been undone and it has been proven conclusively that there is a big pro-German element in Kitchener and a dangerous pro-German element. Saturday night's episode shows clearly that there are a great many people in Berlin who should be interned as enemies to their country and as sympathizers with Germany.

Things are going very quietly in the county of Lincoln. Two candidates have been nominated, Mr. J. C. Chaplin, Unionist, and Mr. E. J. Lovelace, Independent Unionist or Liberal Unionist, but outside of the nominations of the two candidates, very little has been done to show that an election is going on at all.

There is just one question for the electors in Lincoln to settle in their own mind and that is what is the proper way to vote in order that the boys at the front may get reinforcements of men and money most quickly.

A great many ladies in the county of Lincoln will have a vote at this election who never voted before, not even at municipal elections, and these ladies should be careful that they understand how to mark their ballot before they go to the polls. These ladies are all given votes on account of the fact that their husbands, son, brother, or father, has enlisted and gone over to fight for his country. It is expected, therefore, that these ladies will vote in order to send to these men at the front, quick and ample reinforcements in other words that these ladies will vote in support of the Government, which is endeavoring to raise men as quickly as possible, to reinforce the boys at the front and which is endeavoring to raise money as fast as possible to pay, clothe and feed these boys, as well as all other expenses which keeps Canada in the war and keeps Canada doing her share as part of the British Empire.

MEMORIAL SERVICE

(Held over from last week)

Sergt. Hugh John Cocks.

A very appropriate and impressive Memorial Service was held in the Fifty Church, Winona, in connection with the unveiling of the beautiful bronze tablet in memory of the deceased soldier.

The service was in charge of the pastor of the church, Rev. Arthur O. W. Forman, B.A.

An address on the "Christian Soldier" was given by Rev. J. A. McEachlan, of GRIMSBY, a former pastor.

Two incidents in the soldier life of Sergt. Cocks was referred to as illustrative of his character. When in training at Sandling Camp with his battalion he visited Canterbury Cathedral one Sunday in June, 1914, and in a letter to his mother describing his visit, he wrote, "I prayed that God would give me strength and courage to do one man's share in noble England's struggle."

The other incident was associated with—
A ruined Belgian farm house with sagging walls and no roof, that had once sheltered women and children. I looked through the roofless walls at the clear night sky, and there passed through my mind the well known lines.

Bends not the sky above?
And earth, on which we are, is it not firm?
And over us, with constant, kindly smile,
The everlasting stars keep sleepless watch.

There seemed to be some awful moral antagonism between this and what was taking place; yet my faith is now reduced to the simple elements of duty and cheerfulness, and I feel sure that somehow all is yet well.

Capt. Harold Parke, a fellow companion and officer of Sergt. Cocks, paid a splendid tribute to the memory of this heroic soldier, relating several incidents illustrating his kindness of heart and loyal devotion to duty.

The Captain at the close of his address unveiled the tablet upon which is this inscription
To the Glory of God and in loving memory of Sergt. Hugh John Cocks, A Company, 20th. Batt. Canadian Infantry, killed in a raid between Vimy and Lens, 17th. of January, 1917, aged 22 years. Buried in the Meuse Cemetery France. For the cause he loved.

NORTH GRIMSBY COUNCIL

HERE IS ONE RECIPE FOR USING CORNMEAL

Cornmeal can become popular on wheatless days, not alone as Johnny-cake or pancakes, but as fruit bread or gems. Its wider use will allow more wheat to go overseas to the warring allies and at the same time will improve American health. Apple corn bread was judged delicious by those who tasted it in the baking laboratory of the Ohio Experiment Station. It was made with three cups of cornmeal, two tablespoonfuls of sugar, a little salt and teaspoonful of baking powder, to which after mixing 1-2-3 cups of milk was added. Three thin sliced apples were later added the mixture was baked for 30 minutes. Fruit gems, made with raisins and currants, seemed even better to some tastes.

Although it is not every year that mice are troublesome, trees should be protected from them every year until about six inches in diameter and even a tree of this size will, sometimes be partly girdled. If the protection is neglected for one year that may be the year when mice are very abundant and much injury will be done. The mice usually are looking for, or feeding on, seeds close to the ground under the snow and when they come to a tree they are likely to begin to gnaw the bark if it is unprotected.

Mice may be poisoned by making a mixture of one part by weight of arsenic with three parts of cornmeal and putting it in runways made by nailing two pieces of board each five or six feet in length and six inches wide to make an inverted trough, and putting about a tablespoonful of the poison on a shingle near the middle of the runs, renewing the poison from time to time. Poisoning would, however, be found a rather tedious method for a large orchard.

Facts and Fancies

By Frank Fairbairn

One thing that pleased me very much was the fact that the premier, Sir Robert L. Borden, named T. J. Stewart as the Union Government candidate in West Hamilton.

If ever any man was the victim of mean, underhand, treacherous work T. J. Stewart was that man.

Long before the election date was announced the editor of the Spectator went to Ottawa to knife Mr. Stewart and from that day till a week ago the editor kept up a constant string of telegrams pestering Premier Borden to cut T. J. Stewart's head off.

Of course the editor of the Spectator was only a tool in the hands of the men higher up who were determined to kill Stewart politically if possible. It is a lamentable thing when the editor of a great newspaper lends himself to such miserable tactics.

The Spectator had nothing against T. J. Stewart politically as T. J. is a good Conservative and the Spectator is supposedly a good Conservative, but unfortunately T. J. Stewart was a Hydro man while the Spectator is a Catholic, consequently it was not a game of politics that the Spectator was playing, it was a game of religion. The Spectator was busy day. Come in and see your goods on Thursday and you will receive better attention than K. M. Stephen.

A fine car of Green Mountain potatoes just received by Thos. Liddle. Any person wishing to purchase any for table use or seed should do so at once before price advances. Now \$2.25 bag at Pre-Cooler. T. Liddle, phone 47, GRIMSBY.

For Sale—Now is the time to buy bush land. I have two acres of timber, that will reproduce itself in a few years, for sale, within 2 chains of Main St., a few cherry trees and a good building site on same; free road to street. D. Jackson, GRIMSBY.

The Winona Women's Institute will meet at the home of Mrs. Andrew E. Luffey, on Thursday, November 24th, at three p.m. A cordial invitation is extended to all. Come and bring your friends.

At the auction sale on the farm of Capt. C. L. Parmler, on Friday, November 30th, the farm will be offered for sale subject to a reserve bid. Parties who wish to buy a fruit farm should look this one over.

Don't fail to hear Mrs. Petrie of Hamilton, on Thursday afternoon next in Saetinger's Hall. The women of GRIMSBY have never before had an opportunity of hearing Mrs. Petrie although she is one of Hamilton's cleverest speakers.

APPLIES—I have apples for every body at fair prices. Good cooking apples at 25 cents for six quart baskets to cents for eleven quart baskets. Bring your own baskets. Jas. A. Livingston, GRIMSBY.

On Monday afternoon Manley Lee, who has been working on the section on the Grand Trunk Railway, was badly injured when he fell in front of the gigger and was struck by the wheels. His shoulder was fractured and three ribs broken. He was taken on Tuesday to Hamilton Hospital.

The November meeting of the Women's Liberal Association will be held in Saetinger's Hall on Thursday afternoon, November 29th, at three o'clock. Mrs. H. D. Petrie, of Hamilton, will be the speaker and Mrs. F. W. Brennan, president of the Hamilton Liberal Association, will sing. All women are urged to attend.

The 44th. Regt. Band has been temporarily converted into an orchestra and next Tuesday evening will hold their regular monthly concert in Moore's Theatre. Wright Marshall, boy soprano of Hamilton, and the Hamill sisters, in an entirely new repertoire of songs and dances will appear.

When Kitty Gordon appears at Moore's Theatre on Monday, December 3rd, in "Forget-Me-Not" the people of this town will have the opportunity of seeing one of those rarely beautiful and fascinating attractions that are talked of for months to come. Miss Gordon is seen in all the affluence of her remarkable beauty in this production. And her beauty has been provided with a beautiful setting in this picture. Quite a number of the scenes were taken in Cuba, the company making the trip to that country especially for the purpose of taking this film and there some "locations" of grandeur and exquisite beauty were found.

The drama of "Forget-Me-Not" is the fascinating story of the rise of a poor Corsican peasant girl into a social leader, the keeper of a fashionable gambling house and the hated intruder into the family into which her son has married. The role is played by Miss Gordon and it gives her splendid opportunities for the display of her dramatic attainments. It is the most dramatic and satisfying production in which Miss Gordon has yet appeared.

By all means see this feature. It is crowded with incidents, is produced with a sumptuous and lavish scale, is thoroughly consistent and is smart and tremendously entertaining. The scenes alone that are seen in this production will make any woman glad to be in attendance at the showing of the picture.

The COAL SITUATION IN GRIMS. W. Form

After a long correspondence with the Fuel Controller, Mr. C. H. Brumley, acting for the Village Council, has secured a shipment of one carload of coal which is expected here at once. It is proposed by the council to divide this coal amongst as many people as possible. The probability is that not over half a ton will be given to any one household.

Eaton & Son expect a carload of coal from Toronto in a day or two and J. H. Gibson is doing everything in his power to get coal forward.

CLAUDE CROWN

A very pleasant event took place at the parsonage at Princeton, on Wednesday, at high noon, Nov. 14th, when Miss Ella Grace Crown, third daughter of Mr. and Mrs. W. H. Crown, formerly of Rosedale, was united in the holy bonds of matrimony to Mr. Donald H. Claus, third son of Mrs. W. M. Claus of Vineland, by the Rev. H. Monsinger, uncle of the groom. The bride's traveling suit was of navy blue Broadcloth with large white picture hat and natural Raccoon furs. After a brief honeymoon they will reside at Vineland on the bridegroom's farm—Beamsville Express.

Swayze & Brown, Successors to S. E. Mabey

To the Citizens of Grimsby and District:

We beg to intimate that we have acquired the BUTCHER BUSINESS so long carried on by Mr. S. E. Mabey.

We hope by keeping only first quality goods and selling them at reasonable prices to merit a share of public patronage.

Our assistants have instructions to politely but firmly refuse to give credit. Should any of our customers desire this convenience we will gladly arrange it, but application must be made at the office. We have adopted this plan in the interests of our customers to reduce the cost of food and hope the public will co-operate with us.

Delivery wagons will leave our store every day at 9.30 a. m. going East and at 10.30 a. m. going West. Extra deliveries on Saturdays.

We purpose keeping a full line of everything to be found in a first class butchers store, including Fresh, Salt and Cured Meats, Bacon, Ham, Sausages, Lard, Vegetables, Poultry, Eggs and Butter.

Store Will be Opened on Saturday, Dec. 1st.

BRING YOUR PAPER FOR RED CROSS

The Red Cross is now prepared to take care of all paper, rags and old rubbers at THE INDEPENDENT Office.

Bring in or send all you have now and if people who cannot do so will phone Mr. J. A. Livingston, phone No. 36, the Boy Scouts will call for paper.

The ladies of the Red Cross believe that every person in this district can well afford to give them all of their waste material, instead of practically giving it to the Junk dealers from the cities.

Remember that every cent the Red Cross gets gives comfort and care to the wounded soldiers.

The Red Cross makes this appeal not only to the people of GRIMSBY village, but to the people of the whole district, and also ask the co-operation of all school teachers, by asking their pupils that when it is not possible to send their paper, rags and rubbers from their homes direct to THE INDEPENDENT Office, to bring them to school with them and when a quantity has been thus collected, request someone to bring them in on their day.

Newspapers—Lay flat and fold once and tie in bundles.
Rags—Put in bags or tie up in bundles.
Old Rubbers—Tie up in bundles.
Magazines—Tie up in bundles.
Old Books—Tie up in bundles.
Scrap Paper—Put in bags or pack in paper boxes.

Stores, shops and factories are requested to bring all the clean scrap paper which they are now burning or drawing to the rubbish pile, to THE INDEPENDENT Office, asking for directions where to unload it.

All paper cartons can be used to good advantage for packing magazines and old rubbers in. We also require old bags and sacks for packing rags and rubbers in.

Paper must not be thrown loosely into the building. To avoid cost in shipping it must be tied up in bundles or put into bags.

Ask for key at INDEPENDENT Office.

MR. J. E. LAWSON WILL HOLD AN AUCTION SALE

Mr. J. E. Lawson, North GRIMSBY, has rented his grain farms for a term of years and will hold an auction sale at his home residence on the Ridge Road, near the top of the GRIMSBY Mountain Road, on Thursday, December 13th, commencing at one o'clock, when he will offer a long list of horses, cattle, vehicles, implements and other farm articles. Ten months' credit. Jas. A. Livingston, auctioneer.

ARTHUR GRIESBACH GASED AND WOUNDED ON HIS SECOND TRIP OVERSEAS.

Jas. A. Livingston, of the GRIMSBY INDEPENDENT, received word that his nephew, Arthur Griesbach, has been wounded and gassed at Puchaele, Flanders.

Arthur Griesbach, of Collingwood, is the son of Mr. Livingston's youngest sister and he enlisted in August, 1914, although only seventeen at that time and went overseas with his cousin, Lieut. Arthur Livingston. When the first contingent was sent to France in January, 1915, Arthur Griesbach went along, while his cousin, Arthur Livingston, went to the south of England to train troops. Young Griesbach went through the battle of Langemarck and St. Julien and was badly wounded and gassed. A due time he was taken to England and from there sent over to Canada and was discharged and pensioned.

In the early part of 1916, about a year after he was wounded, he was sufficiently recovered so that he contemplated enlisting again, which he eventually did with the 157th Battalion, although there were times when he would fall down while marching on account of heart trouble which had been produced by the poisonous gases which he inhaled in the trenches. Later on, however, he became sufficiently strong to stand his training and in due time went overseas with the 157th Battalion. He has been in Flanders a long time and last week he was wounded and gassed and is now in hospital.

When he went overseas he, of course, lost his right to a pension for his first campaign, but if he lives to return he will of course be pensioned for his second campaign.

SALE OF PUREBRED HOLSTEINS

The Niagara Peninsula Breeders' Association are holding a sale of Purebred Holsteins at Welland on December 11th. This sale offers some 50 real good bred animals of the

right kind.
The following are some of the contributors:—
Oliver Cabana, Jr., Pine Grove Farms, Elma Centre, New York State;
Oliver Robins, Wellandport; W. C. Bouch, Chippawa; Dr. P. G. Hutton, Welland; McLeod Bros., Stamford;
Ogil Hagar, Welland; Ridley College, St. Catharines; James Dyer, St. Catharines; Wagon Stringer, Dunnville;
P. S. Moore, Dunnville; John Moore, Dunnville; C. H. Claus & Son, St. Catharines.
Readers and dairymen will do well to keep this date in mind and make a point to be at this sale as the demand for this class of livestock is very brisk.

MRS. STARR ACKNOWLEDGES TEA ROOM CHEQUE FOR \$100.00.

Toronto, Nov. 6, 1917.
Mrs. Pettit, Grimsby.

Dear Mrs. Pettit—Your most welcome and timely cheque for \$100.00 was most gratefully received. The ladies of Grimsby who are interested in the tea room have our deepest thanks for their splendid contribution to this needed work for the brave soldiers. We think you are all deserving of the highest praise. Please accept both the praise and thanks of the University Hospital Supply Association. Will you please tell the ladies who have worked so hard and well that No. 4 Hospital University of Toronto has reached England from Salonica and is now settled at Baginbush where they are to take charge of 2000 beds. Our efforts must continue as strenuously as ever for the needs are now and are great. I hope your ladies saw the account of our second annual meeting in the papers and trust that any of your members who are in Toronto will come to our work room, the Library Building (U. of T.) on Monday, Wednesday or Friday from 10 to 4 o'clock where they can see the work for them selves.

Again extending the grateful thanks of the association for the splendid donation received.
Sincerely yours,
Anne C. M. Starr,
Hon. Treasurer.

A WONDERFUL NEWSPAPER

The Family Herald and Weekly Star, of Montreal, is a most unique paper and very popular in every home in Canada. It is surprising what great value to the reader is contained in every issue. Few homes are without it, and they are the only ones not having it. The subscription price is \$1.25 a year, and includes a colored war map of the fighting area in Europe. It is a splendid map and of great assistance to understand the war. We understand the map offer is shortly to be withdrawn. The year's subscription and war map are certainly big value at \$1.25.

"Fruit-a-tives" Made Him Feel
As If Walking On Air

OTTAWA, Ont., Nov. 25th, 1916.
"For over two years, I was troubled with Constipation, Depression, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends."

GLASSES once the sign of old age, are now the sign of good sense.

OLD STYLE
In the days of old style double vision lenses, older people hesitated to wear glasses because of the highly conspicuous lines.

INVISIBLE
Today, everybody advises our invisible double vision lenses, that look like a single pair of glasses, but have the purpose of two.

We invite you to call, it's our pleasure to show them.

Synopsis of Canadian Northwest Land Regulations

The sole right of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions. In certain districts a homesteader in good standing may pre-empt a quarter section also his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent, also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre.

Duties—Must reside six months in each of three years cultivate 50 acres and erect a house worth \$300.

THE KAISER AND GOTT ARE BARTNERS

Gott, Gott, dear Gott, attention please
Your partner Wilhelm's here
And has a word or two to say
Into your private ear.
So darn away all orders now
And listen well to me.
For vat I say concerns us much
Mineself and Sherman.

You know dear Gott, I was your friend
And from mine hour of birth
I quietly let you rule de Heffen
Vile I ruled o'er the earth,
Und ven I told mein soldiers
Of by-gone battle days
I gladly split the glory
Und gave you half de brains.

In every way I tried to prove
Mine heart to you vat true,
Und only claimed mein honest share
In great deeds dat ve do.
You could not haf a better friend
In sky, on land or sea
Dan Kaiser Wilhelm number two
Dee Lord of Sherman.

So vat I say, dear Gott, is dis,
Dat we should still be friends
Und you should help to send my foes
Unto des bitter ends.
If you, dear Gott, v'll dis me do
For noddings else I'll pray
Und you and I vill bartners be
Forever and amen.

NEW WINNIPEG TRAINS

Travel between Eastern and Western Canada is always heavy in its winter months, particularly during December with its holiday season. To meet the requirements of the public, therefore, a special daily service between Toronto and Winnipeg is announced by the Canadian Northern Railway: Westbound, Dec. 2nd to Jan. 2, 1918 only; Eastbound, Dec. 1st to Jan. 5th, 1918 only. Thereafter regular tri-weekly service will be resumed. A through touring sleeping car will also be operated daily between Toronto and Calgary on part of the above special service and connection will be made with regular daily trains between Winnipeg and Edmonton. Service between Toronto and Vancouver remains tri-weekly as at present, leaving Toronto Mondays, Wednesdays and Fridays. For further particulars see local time table folders or apply to Town Agent, W. B. Calder.

PIGS MAKE FAST GAINS WHEN GIVEN OILMEAL

Linseed oilmeal is sometimes used as a supplement to corn in hog feeding, and when tankage or skim milk cannot be obtained at a reasonable price this feed may become the cheapest carrier of protein. Tankage at \$80 a ton proved cheaper than oilmeal at \$65 when fed with corn worth \$1.68 a bushel in tests conducted at the Ohio Experiment Station.

Five pigs, weighing 141 pounds, were fed 12 weeks on corn alone; another lot, one part of tankage with nine parts of corn; and a third lot, one part of linseed oilmeal to five parts of corn. Those fed only corn gained 1½ pounds daily; those given corn and tankage, 2 pounds; and those supplied corn and oilmeal, 1½ pounds.

The margin over the cost of the feed made by the pigs fed oilmeal with corn was \$19.64, when hogs sold for \$15 a hundred; of those fed tankage and corn, \$22.72; and of those given only corn, \$10.62.

Younger pigs would make much slower gains than those obtained in this experiment if corn alone is fed. Even for long feeding periods with well-developed hogs, corn is more profitable when supplemented with a small quantity of a feed rich in protein and mineral matter. Young pigs weighing 43 pounds gained only a third of a pound daily in one test when fed for 15 weeks on corn alone.

MANURE AND LIME RAISE WHEAT YIELD

Eight tons of manure on land lined once in a five-year rotation with two tons of finely ground limestone has produced 33 bushels of wheat per acre at the Ohio Experiment Station, while untreated land has yielded only 12 bushels as a 12-year average. Clover and timothy hay following the wheat on manured and limed land have yielded three tons per acre more than that harvested from untreated land. This hay at \$10 a ton has more than paid all cost of producing the wheat, if manure costs only the expense of hauling and spreading on the field. The systematic manuring and liming have been paid for in other crops of the rotation, leaving the increase in wheat yield as clear gain.

COL. MAXE'S TRIBUTE TO WATER

Having printed Bob Ingersoll's tribute to whiskey, and his friend's reply, we may as well let you have Col. Bob Maxe's tribute to water. Col. Bob was at the annual meeting of the bar association of North Arkansas and some of his friends thought it would be a merry jest to propose that he respond to the toast "Water." But the Colonel was equal to the occasion. Said he:

"Mr. Toastmaster, ladies and gentlemen, you have asked me to respond to the toast 'Water,' the purest and best of all things ever created. I want to say to you that I have seen it glisten in tiny tear drops on the sleeping lids of infancy; I have seen it trickle down the blushing cheeks of youth, and go in rushing torrents down the wrinkled cheeks of age. I have seen it in the dew-drops on the blades of grass and leaves of trees, flashing like polished diamonds when the morning sun burst in resplendent glory over the eastern hills. I have seen it trickle down the mountain sides in silvery rivulets with the music of liquid silver striking on beds of polished diamonds. I have seen it in the rushing river rippling over pebbly bottoms, purring about jutting stones, roaring over precipitous falls in its mad rush to join the father of waters; and in the mighty father of waters I have seen it go in slow and majestic sweep to join the ocean. And I have seen it in the mighty ocean on whose broad bosom float the battle fleets of all nations and the commerce of the world, but, ladies and gentlemen, I want to say to you now, that as a beverage it is a miserable failure."

TEN MILLION YEARS AGO IN CANADA

(1) Prof. Walcott discoverer of the Fossil Beds at Field, B.C.
(2) Climbing into the undiscovered past.

PROF. CHARLES D. WALCOTT, of the Smithsonian Institute, has discovered a deposit of extremely valuable fossils of early marine life on Mount Field, overlooking Emerald Lake Chalet, and the beautiful Yoho Valley in the Canadian Pacific Rockies. Far up over Burgess Pass, at an altitude of nine thousand feet, where the tourists in the fashionable summer hotels and camps can barely hear the boom of the biplane as he carries down to the fossil-bearing strata, the Professor has been securing some wonderful specimens of sea life of over ten million years ago. These are of the period when life was just emerging from the jelly-fish stage into an era where a bony structure was becoming apparent. Lying, they were deposited in the mud of the ocean bottom that has since hardened into rock, and been raised to the mountain-top.

The strata of fossil-bearing rock discovered by Professor Walcott is of much earlier age than any in the surrounding mountains, and has, he says, been pushed up over the newer formations for a distance over twenty-five miles. The fossils were discovered by Prof. Walcott while travelling over Burgess Pass, a peculiar formation in a piece of shale attracting his attention. He followed up the shale slide almost to the top of Mount Field, and finally located its source, far above the timber line. The work-lugs are very peculiar, because of the only ones of their kind in the world. Some of the specimens taken out are so perfect that Prof. Walcott has been able to determine what they ate just before they were buried in the mud over ten million years ago.

Auto Trailers

Most convenient for attaching to the rear end of an automobile for purpose of delivery fruit, drawing merchandise, delivering groceries, or any other line of work that can be done by a dray.

If you have an auto you don't need to buy a big expensive auto truck for use a few months in the year. Use your regular automobile with a trailer.

Prices very reasonable. Call at our shop and inspect the auto trailer.

Last Week! Last Week!!

PUBLIC BROKER'S SALE Ends Saturday, Dec. 1st

Dec. 1st will be the last, and probably the biggest day of great sale. Nearly everyone in the whole community has been here and carried away a bundle of the special Broker's values. Now for a last day of bargain giving such as the people have never before experienced. Everything goes. Nothing will be reserved. If there are still some articles of winter clothing that you require, get them now while there is no regard for prices. These goods were purchased some time ago and prices have advanced more than once since then.

The wholesales take stock Nov. 30th. They tell us that all prices will be advanced Dec. 1st. What's the odds, we have the goods and pass them on to you at the old prices, less a discount. Let the future take care of itself.

THURSDAY and FRIDAY, you will receive better attention, but if you can't make it before Saturday, come then. There will be plenty of others, so you won't be lonesome.

A. D. LEAROYD, BUSINESS BROKER

Selling the \$30,000 Stock of K. M. STEPHEN, GRIMSBY, ONT.

Therefore Roberts and Anita King in the Jesse L. Lasky production of "Anton the Terrible," written by Jules Eckart Goodman from the Saturday Evening Post story by Thomas H. Uzzell, and prepared for the screen by Marian Fairfax and Charles Sarver, will be the attraction at Moore's on Wednesday, December 5th.
This gripping story of political intrigue in connection with the recent great European war was the cause of a great deal of comment when it appeared in the Saturday Evening Post. In preparing the story for the screen, Jules Eckart Goodman, the noted dramatist, has written an even more vivid story. In the masterly hands of America's greatest character actor, and the beautiful Miss King as the fair victim of his conspiracies, Edythe Chapman, one of such prominent artists as Horace B. Carpenter, Edythe Chapman, Harrison Ford and others, the photo is bound to be of more than usual interest.
The production, a Paramount Picture, is a lavish one, the scenes being told in Russia. It was produced under the personal direction of William C. de Mille.

LINCOLN COUNTY COUNCIL IN SESSION

The November-December session of the County Council opened at the County Court House at 2 o'clock Monday afternoon with all members present. Warden Chas. referred to the fact that as yet the city had not appointed their representative on the Suburban Area Commission and that as the appointment could be made at once he suggested that the City

Council be reminded or that the County Council appeal to the Lieutenant Governor for action. The Council decided to remind the city authorities and left the matter in the hands of the Warden.

Councillor Gilmore presented a report of the Special Committee to investigate the needs of a County bridge over the 20 mile creek. The Committee concluded that the County was not responsible for the building of a bridge over the creek.

On motion of Councillors Fleming and Farrell the hours of the Council were changed to 10.30 a.m. to 12.30 p.m. and from 2 until 6 p.m.

This change was to allow the councillors from the west to go to their homes each evening and return in the morning.

The council then adjourned to visit to Children's Shelter, Tuesday morning they visited the Industrial Home and resumed their session at 1 o'clock in the afternoon.

CAPT. E. J. LOVELAKE ANNOUNCES THAT HE WILL SUPPORT CONSCRIPTION GOVERNMENT
The following cable has just been received by J. M. Elson from Capt. E. J. Lovelace in answer to a cable sent to him as nominating the Liberal party in this county. The message reads:

London, England, Nov. 26, Elson, St. C. Jarries.
Convalescent Home, England. Cable just received. Satisfactory supporting Conscription Government during the war. Taylor agent. Peace, Saturday, advice.
The cable sent to Capt. Lovelace was filed at the C.P.R. Office two weeks ago tomorrow and read to the effect that the Liberals of Lincoln had unanimously nominated him as an independent Liberal. If satisfac-

tory he was asked to cable at once naming his agent. It was signed by Elson as president of the association.

Judging by the reply the cable must have gone to France and then back again reaching Capt. Lovelace at the Convalescent Home in England. This explains the long delay. The cable also makes clear that Capt. Lovelace is a supporter of conscription and the government which is created to enforce it, which is the Union Government.

On receipt of the news today Mr. Elson personally notified as many

Liberals as he could reach so that they would be in a position to consider the matter at once.
